

## Reorganization of the Colleges of West Chester University

*In Fall 2016, West Chester University will have a new college structure.*

Building on Excellence, the University's Strategic Plan, charges the institution to transform itself into a University whose organizational structures are strategically arranged so as to facilitate excellence in teaching and learning. In that context, Academic Affairs, led by Provost Laurie Bernotsky, identified that the current academic college structure was not sustainable in terms of allocation of administrative support and complexity; nor did it facilitate pedagogical synergy as well as it could. This led to an examination of the current structure of the colleges, and realignment centered around pedagogical anchors.

The implementation of this reorganization is underway.

.....

### Saturday, May 14 – Tuesday, May 17 ▼

myWCU will be offline to the entire campus community while all student records are updated to reflect the new college structure.

.....

### June ▼
