# Remote DBA Services Scholarship

## About

We provide both professional and affordable remote dba services that mainly utilize the talent and skill of young professionals. We have a lot of knowledge that has allowed us to bring consistent quality customer service to a market which is increasingly competitive.

But, we are much more than that, so we decided to launch the Remote DBA Services Scholarship program. This program is available for any individual that is currently in an undergraduate or postgraduate study path at a reputed institution.

## Eligibility

The scholarship is only available to those who are enrolled currently at a university, college, trade school or high school.

U.S. Citizen or U.S. Permanent Resident.

Carrying a minimum 3.00 cumulative GPA.

## What Do We Look For In Infographics?

There are plenty of things we will look for when reviewing the infographics entries. Clarity and creativity must be readily seen. But most importantly, the infographics must reflect innovation and an understanding about the importance of database administration in today’s world.

## How To Enter

- Include an infographics, as to what is the importance of database administration in today’s world and what you have done to elaborate your interest in this field.
- Submit your application online by December 31st (at this time we are not able to accept emailed applications).

## Deadline

December 31 Annually

## Award Amount

$500
