### About
Together with the Carpey Law team, Stuart Carpey is pleased to announce that he will once again be offering a scholarship to a deserving college student. The scholarship will be awarded to an undergraduate who is enrolled in a college or university in the United States, and who demonstrates a critical mind and attention to detail in the essay described below.

### Eligibility
To be eligible for entry in the scholarship competition, you must be:
- An incoming or current student attending school in the US

### How To Enter

#### Essay Topic
- Motorcycle helmet laws vary by state. Discuss the laws surrounding motorcycle helmets in your state of residence and some of the main arguments for and against motorcycle helmet use.
- Your essay does not need to be “persuasive,” i.e. you do not need to argue for one side or the other. Instead, you should aim to demonstrate an understanding of both sides of the issue and make compelling points to support each side.
- You are not required to be a Pennsylvania resident in order to enter the scholarship contest, but since Carpey Law is located in Pennsylvania, an ideal essay will utilize Pennsylvania’s laws in some way (as a comparison point to your own state’s laws, for example).

#### Essay Guidelines
- Your essay should be between 1,000 and 1,500 words
- Each entrant must prove enrollment in a college or university located in the United States
- Submit your essays to: scarpey@carpeylaw.com
- Please include your full name and contact information in the email containing your essay submission.

### Award Amount
$500

### Deadline
**Friday, June 12, 2015**
