

## ENGLISH

The English major teaches you to analyze texts of your own and other cultures from a conscious and critical point of view, provides you with historical understanding, gives you considerable experience in writing, and helps you to understand the workings of language. Class sizes are small, and faculty are active and involved.

### Career Opportunities

If you possess certain fundamentals in communication and critical thinking, you can be trained for just about any job – and companies are very willing to train. Companies and organizations hire English majors because of their advanced abilities in writing and reading, excellent critical thinking skills, facility with languages, persuasive ability, and capacity to understand problems and issues from many different angles. An English degree is a versatile one, preparing you for graduate studies and law school, as well as for careers in teaching, journalism, business, publishing, technical writing, advertising, public relations, and writing for web, radio, television, and film. In fact, it will prepare you for any professional career in which skills in reading, writing, and processing information at a sophisticated level are required. Many graduates currently work for major newspapers, television stations, and other businesses.

Graduates of the bachelor of arts and bachelor of science in education – English majors have been accepted for advanced degree programs at the following institutions:

Columbia University  
Duke University  
Pennsylvania State University  
Rutgers University  
Temple University  
University of Pennsylvania  
Law schools that have accepted West Chester English graduates include  
Dickinson University  
Villanova University  
Widener University  
Companies that have hired West Chester English graduates include  
American Council on Education  
InteliHealth.com  
Merion Publications  
Nexstar Broadcasting  
The Richardson Group  
Sotheby's

### Undergraduate Degrees

**Bachelor of Arts in English.** This degree provides you with a broad background in English, American, and world literatures; academic, professional, and global rhetorics; valuable training in the critical skills of reading, interpretation, and analysis; intensive practice in writing; and insight into the workings of language. Within this major, each student chooses a track specialization in either “writings” or “literatures.” Those interested in careers in secondary education may complete additional course work and satisfy certain requirements to earn a B.A. with a teaching certification in English. You also may choose to minor in another discipline.

**Bachelor of Science in Education – English.** This program prepares you to teach English in secondary schools. You must satisfy certain prerequisites for student teaching established by the Department of Professional and Secondary Education, and you must also satisfy specific Department of English requirements before receiving permission to teach.

These programs are carefully designed to help you acquire critical and methodological skills of analysis, reading, and writing.

### Minors

A minor program allows a student in any major to explore another academic discipline in depth, without adding another major. The Department of English offers the following minor programs to help you explore an academic interest or to make your degree program more marketable:

African/African-American Literature  
Business and Technical Writing  
Creative Writing  
Film Criticism  
Journalism  
Linguistics  
Literature

### Typical Courses

African-American Literature  
Critical Writing  
Feminist Poetry  
Literary Editing and Publishing  
New Fiction  
Newswriting  
Short Story Workshop  
Themes in American Film  
Views on Literacy

## Internship Opportunities

The Department of English encourages you to seek internships at book and magazine publishers, newspapers, TV stations, and in other areas of interest. All internships carry academic credit and are arranged through the department internship coordinator. An internship is an excellent opportunity to acquire practical experience in a potential career.

## Related Student Activities

Sigma Tau Delta (English honor society) for high-achieving students  
*The Quad* (student newspaper). Journalism minors can receive academic credit for working on *The Quad* within a supervised program.

*Daedalus* (student publication of creative prose, poetry, art, and photography)

*The Serpentine* (student yearbook)

Aralia Press (a literary fine press). You will gain practical experience in publishing by producing handmade books.

NCTE Affiliate (National Council of Teachers of English). Develops beginning teachers' professional abilities through volunteer activities.

*Schools of Thought* (online e-journal). Offers editorial and research writing experience in an online, student-run journal.

## Advanced Degrees

Master of Arts in English (tracks in creative writing; literature; and writing/teaching/criticism)

Master of Arts in Teaching English as a Second Language

## About West Chester University

A comprehensive, public institution, West Chester University offers high-quality undergraduate and graduate degree programs in more than 100 subject areas, as well as certification and certificate programs. As one of the largest members of the Pennsylvania State System of Higher Education, West Chester offers a full and rewarding educational experience as well as reasonable tuition.

With a rich heritage dating back to the 19th century, West Chester University was founded in 1871 as West Chester Normal School for the purpose of training teachers for the Commonwealth's newly established public schools. In 1960, West Chester State Teachers College expanded its programs to include liberal arts and graduate degrees and, as a result, dropped "Teachers" from its name. In 1983, West Chester State College became one of the 14 institutions in the State System of Higher Education. Along with its university status, the school acquired a new system of governance and the opportunity to expand its degree programs.

Today, more than 15,400 graduate and undergraduate students, along with 1,500 faculty and staff, study and work on the 406-acre campus. Situated in the Borough of West Chester, the campus is a picturesque mix of Gothic, Victorian, and modern architecture with pleasant, tree-shaded walks.

Strategically located at the center of the mid-Atlantic corridor between New York City and Washington, D.C., West Chester is just 25 miles west of Philadelphia and 17 miles north of Wilmington.
