# Remote DBA Scholarship Program

## About

For 2016, [Remote DBA](http://www.remotedba.com) will be offering scholarship for students interested in pursuing a data-focused or data science career.

Remote DBA, a leading provider of [remote dba services](http://www.remotedba.com), will award a scholarship of $2,000 to an outstanding student pursuing or intending to pursue studies at an accredited college, university.

## Eligibility

1. Students currently enrolled in an accredited university, college or trade school located in United States with a minimum 2.8 GPA.
2. Graduating high school seniors with a GPA of 3.0 or above are also eligible to apply for the scholarship.

## How To Enter

To apply for the 2016 scholarship, submit the following:

- Write an essay on the topic "My Vision for the World 20 Years from Now: How Technology Will Change Everything around Us." In your essay, be sure to discuss the role of technology and easy access to information or data in transforming our everyday lives. We encourage you to be creative and to use specific examples.

  Think about both new emerging as well as science fiction-like futuristic technologies yet to be invented. Discuss how examples of these technologies may improve lives across urban, rural or global environments.

- Include a cover letter. Be sure to include your name, your college, college year, graduating year and intended major. In your cover letter, explain how you plan to use the scholarship and why we should select your application.

To apply, submit your scholarship application, including your essay and cover letter to [apply-scholarship@remotedba.com](mailto:apply-scholarship@remotedba.com).

## Award Amount

$2000
