**Subject:** Temporary Pause of Transfer Evaluations

Chairs,

This email contains the following information about Student Transfer Evaluations:

1. An update on pausing student transfer evaluations to accommodate the RamPortal implementation.
2. A reminder of the Transfer Credit estimator tool available to students during this pause

### **Pausing Student Transfer Evaluations**

Typically, WCU evaluates prior learning for all current students and students applying to WCU in order to award WCU-equivalent credit for completed coursework. At this time, we must pause evaluating transcripts and awarding WCU credit in order to complete the reimplementation of OnBase and RamPortal. We expect to be able to resume evaluating and posting credits at the end of April. We recognize this isn't ideal, and we appreciate everyone's patience as we work through the implementation.

### **Transfer Credit Estimator and other tools**

During this pause, we still have ways students can see how their external coursework will transfer to WCU.

Current students should use the [Transfer Credit Center](#) our centralized listing of transfer equivalencies.

Prospective/new students can use our [Transfer Credit Estimator](#) to see how their credits will transfer.

We look forward to partnering with you and your academic departments in this important transfer evaluation work in the coming year. We will certainly keep you informed of timing and re-establishing our transfer evaluations in RamPortal.

Best, Megan
