

**West Chester University MSW Program
Two-Year Regular Standing Plan (60 credits)**

- Students in the two-year plan take fifteen credits per semester comprised of five courses, including practicum placement.
- Students should take all required courses on their campus of record (Philadelphia or West Chester).
- Students must enroll in the same section of practice and practicum courses (501/596, 502/597, 561/598, 563/599). For example, if enrolled in SWG 501-01, also enroll in 596-01.
- Sections for each class indicate the location. All classes with section 01-04 are West Chester in-person day classes, 05-09 are Philadelphia in-person day classes, 50-59 are Philadelphia blended evening classes, 80-89 are West Chester blended evening classes, and 90-99 are online (both synchronous and asynchronous).
- Optional summer and winter course offerings allow students to lighten the credit load for fall and spring semesters, if desired. For students planning to graduate the following spring, SWG 542 and 562 are available in the summer to offset the credit load for the final year of the program.
- Please refer to the [rotating elective calendar](#) for more information on how and when electives will be offered.

Year 1: Generalist Courses
