Best Practices for Creating Online Lectures

1. Ensure a high-quality recording.
2. Instructors should be in the video.
3. Limit recording to 10-15 minutes.
4. Use a variety of media.
5. Write a script or outline.
6. Setup your environment.
7. Stream the video.
8. Use captioning.
9. Provide a way for students to ask questions.
10. Formative assessment after video.
