

WCU STUDENT TECHNOLOGY WEBINARS FALL 2024

WCU TECHNOLOGY RESOURCES OVERVIEW

Join us and learn about the availability of technology and learning resources for students at West Chester University. Included in this session are RamTools such as RamCast, RamPrint, RamCloud and RamNet.

Wednesday, August 28 @ 12-12:30pm OR 3:30-4:00pm

INTRODUCTION TO OFFICE 365 & ONEDRIVE

This session will introduce Microsoft Office 365 tools, accessible in the cloud and on your device. Learn how to login, use MS Tools & OneDrive, the cloud based file storage system with options for editing and collaboration.

Tuesday, September 10, 12-12:30pm OR 3:30-4:00pm

GET TO KNOW LINKEDIN LEARNING

Learn about LinkedIn Learning, your access to more than 250,000 high quality on-demand, creative, business and technology training videos. Make sure you're getting the most from your LinkedIn Learning experience.

Thursday, October 3, 12-12:30pm OR 3:30-4:00pm

CYBERSECURITY AWARENESS & PHISHING ATTACKS

Phishing is one of the easiest ways for digital attackers to claim multiple victims and reap potentially large payouts at the same time. Learn about the reasons for phishing, how phishing works, and why social engineering attacks are on the rise in general.

Monday, November 11, 12-12:30pm OR 3:30-4:00pm
