Formatting Details

This template is provided to simplify formatting: substitute your text directly into it; this should eliminate any formatting errors. However, the following emphasizes details that are not necessarily obvious from the template description above.

All text is 10 pt Times New Roman unless otherwise indicated. *Do not add additional spacing to titles, etc.*

The main title is 12 pt and all caps. Two blank lines (10 pt) separate the main title from the author and affiliation information. Another two blank lines precede the main body.

Headings ABSTRACT and KEY WORDS are also 10 pt and all uppercase.

Primary headings (e.g., **1. Introduction**) are 12 pt mixed case.

Secondary headings (e.g., **2.1 Graphs, Tables, and Photographs**) are 12 pt mixed case.

There is *one* blank line after the above headings and the first paragraph of their respective sections.

There are *two* blank lines preceding a primary heading, but only *one* blank line preceding other headings.

There are *no* blank lines between the **ABSTRACT** and **KEY WORDS** headings and the text that follows.
